Overview

Dr. Sandeep Biswal is a distinguished Orthopaedician based in Bhubaneswar, Odisha, with over 20 years of extensive experience in his field. He is committed to providing high-quality orthopedic care and is well-versed in a variety of orthopedic procedures. Dr. Biswal holds an MBBS degree and further specialized with an MS in Orthopaedics from Mumbai University, along with a DNB in Orthopaedics. His expertise is recognized by his peers, and he has contributed to the field through numerous presentations at both national and international conferences.

Throughout his career, Dr. Biswal has presented pivotal research, including topics such as the 'Neurological Complications following Femoral Nerve Block in Knee Surgery' at the Australian Orthopaedic Association Annual Conference in 2009, and 'Results of transtrochanteric rotational osteotomy for femoral head osteonecrosis' at the Asia Pacific Orthopaedic Association in Seoul. His commitment to advancing orthopedic knowledge is demonstrated by multiple accepted works at premier conferences in Australia, New Zealand, and the USA, showcasing his dedication to continual learning and teaching in the field.

Dr. Biswal is also fluent in multiple languages, including English, Hindi, and Oriya, which enables him to serve a diverse patient population effectively. With a reputation for excellence and a patient-centered approach, he remains a sought-after orthopedic specialist in the region, embracing both traditional and innovative techniques to improve patient outcomes.
