Overview

Dr. Aarti Baghele is a dedicated Pediatric Anesthesiologist at Apollo Hospitals, Pune, with over 8 years of experience in providing anesthesia care for children undergoing surgical procedures. She holds an MBBS, DA, DNB, and DM in Pediatric Anesthesia, reflecting her advanced training and specialization in safely managing anesthesia for pediatric patients, including neonates and infants. Her practice focuses on perioperative care, pain management, and ensuring the highest standards of safety for young patients. Fluent in English, Hindi, and Marathi, Dr. Baghele emphasizes effective communication with both children and their families, helping them understand anesthesia procedures, perioperative care, and post-operative recovery. Her compassionate, patient-centered approach ensures comfort, reassurance, and optimal outcomes for her young patients throughout their surgical journey.

At Apollo, Dr. Baghele combines advanced pediatric anesthesia techniques with evidence-based practices to deliver personalized care for children. Known for her precision, empathy, and collaborative approach, she works closely with surgeons, pediatricians, and multidisciplinary teams to provide holistic perioperative care. Dr. Aarti Baghele is recognized as a trusted pediatric anesthesiologist in Pune, specializing in safe

and effective anesthesia for children of all ages.
