Overview

Dr. Prof. Abdul D Khan is a highly qualified Orthopaedician with extensive experience spanning over 24 years in the field of orthopaedics. He is based in Visakhapatnam, Andhra Pradesh, and has earned a stellar reputation for his expertise in various orthopedic conditions and surgical techniques. Dr. Khan holds multiple prestigious qualifications, including MBBS from AMC, Vizag, as well as MRCS from Edinburgh and Glasgow, UK. He is also a FRCS (Tr & Orth) from the UK and possesses CCT (Tr & Orth) from the UK, underscoring his commitment to excellence in orthopedic care.

Dr. Khan has undergone rigorous training in higher surgical practices in the Mersey Deanery, Liverpool, UK, where he specialized in hip, knee, ankle, shoulder, elbow, and wrist surgeries. His comprehensive fellowship training in the UK equips him with a broad skill set to address various orthopedic issues with precision and care. As a multilingual practitioner, he can communicate effectively with patients in Telugu, Hindi, English, Urdu, and Arabic, ensuring that language barriers do not impede the delivery of high-quality healthcare.

As a key member of the Apollo healthcare team, Dr. Khan is committed to providing personalized treatment plans and engaging in thorough discussions with his patients to ensure they are well-informed and comfortable with their care. His dedication to patient outcomes and continuous learning makes him a trusted choice for anyone seeking orthopedic assistance in the region.
