## Overview

Dr. Jino K is a dedicated Neonatologist based in Ernakulam, Kerala, with 5 years of focused experience in neonatal care. As a male physician with extensive training and a passion for providing the highest level of care to newborns, he has developed a reputation for his expertise in managing various neonatal conditions. Dr. K holds a robust educational background, having completed his M.B.B.S. from Govt Medical College, Trivandrum, followed by an M.D. in Pediatrics from S.N. Medical College, Agra, where he was honored as a Gold Medalist and declared the Best Outgoing PG of the 2008 batch. Furthering his education, he achieved a D.N.B. in Neonatology from the Kerala Institute of Medical Sciences, Trivandrum, from 2012 to 2015. His specialized knowledge equips him with the skills necessary to provide comprehensive care to premature and critically ill infants. Dr. Jino K is currently associated with Apollo, a well-respected healthcare institution, where he continues to deliver exceptional care and contribute to the wellbeing of his patients. His commitment to staying updated with the latest advancements in neonatal medicine ensures that he is providing the best possible outcomes for the newborns under his care. Though he does not currently list any additional languages, his medical expertise and compassionate approach to

patient care transcend linguistic barriers, making him a trusted choice for families in need.

## Experience

- MOSC Medical College, Kolenchery ( 6 months ) – This hospital is a 16 bedded Level III NICU situated in Kolenchery.. My duties included being 2 nd on call and taking NICU rounds and teaching of undergraduate and sub speciality residents. St Thomas Hospital , Changanassery ( 6 months ) – worked as the lone consultant Neonatologist . Involved in setting up the unit. Rajagiri Hospital ( JCI, NABH accredited ) , Aluva ( March 2016 till date ) – This is a 16 bedded level III NICU taking care of high risk babies including extreme premies above 22 wks. I work as one of 2 consultant neonatologists. Scope of services include care of extreme preterms, pediatric surgical cases, parenteral nutrition, neurodevelopmental follow ups . One of our unique achievements involved salvaging of 22 wks twins born at 438 gms and 500 gms respectively which is the smallest surviving twins in India . We are also routinely looking after babies at “borderline viability”
