Overview

Dr. Manoj Agarwala is a highly respected Cardiologist based in Hyderabad, Telangana, with an impressive 30 years of experience in the field. His extensive qualifications include an MBBS, MD, DM, and he is a fellow of both the American College of Cardiology (FACC) and the American College of Angiology (FACAI). Fluent in multiple languages such as English, Hindi, Telugu, Bengali, and Assamese, Dr. Agarwala is adept at communicating with a diverse patient base. His focused approach to cardiology ensures that he is dedicated not only to diagnosing and treating heart conditions but also to promoting overall cardiovascular health among his patients. He is committed to providing personalized care and has earned the trust of many individuals and families in the community. Whether it's managing chronic heart diseases, conducting preventive screenings, or providing urgent cardiac care, Dr. Agarwala combines his vast knowledge with compassion to deliver the highest standard of medical service. Patients can expect a thorough evaluation and tailored treatment plans, as he stays updated with the latest advancements in cardiology. If you are in need of expert cardiac care, Dr. Manoj Agarwala is the choice for those seeking a seasoned specialist with a patient-focused philosophy.

Frequently Asked Questions

1. Where does Dr. Manoj Kumar Agarwala practice?

Dr. Manoj Kumar Agarwala is a practicing physician at Apollo Health City, Jubilee Hills. He provides comprehensive healthcare services within the hospital's renowned network.

2. Who is Dr. Manoj Kumar Agarwala?

Dr Manoj Kumar Agarwala is a renowned Cardiologist with over 30 years of experience. He practices in Hyderabad at Apollo Health City Jubilee Hills. Dr Manoj Kumar Agarwala holds a degree in MBBS; MD; DM; FACC; FACAI. He provides treatments including Rheumatic Heart Disease Treatment, Preoperative Treatment. He specializes in treating conditions like Barth Syndrome, Preventive Care Of Heart Lung Diseases, Andersen Tawil Syndrome.

3. Why do patients choose Dr. Manoj Kumar Agarwala?

Patients seek Dr. Manoj Kumar Agarwala's expertise for treatments including Dextro-Transposition of the Great Arteries (DTGA), Aortic Aneurysm Surgery/Endovascular Repair, and Tetralogy of Fallot

(TOF). For a complete list of his services and specializations, please refer to his official hospital profile.

4. What is Dr. Manoj Kumar Agarwala's specialization?

Dr Manoj Kumar Agarwala specializes in Cardiology. He has expertise in treating conditions such as Barth Syndrome, Preventive Care Of Heart Lung Diseases, Andersen Tawil Syndrome. His key treatments include Rheumatic Heart Disease Treatment, Preoperative Treatment.

5. What are Dr. Manoj Kumar Agarwala's medical qualifications?

Dr Manoj Kumar Agarwala holds MBBS; MD; DM; FACC; FACAI, reflecting his comprehensive education in the field of Cardiology.

6. How many years of experience does Dr. Manoj Kumar Agarwala have?

Dr. Manoj Kumar Agarwala has 30 years of experience in cardiology.

7. What does a Heart Specialist do?

Cardiologists, or heart specialists, diagnose and treat cardiovascular diseases. Their expertise includes assessing heart health and interpreting diagnostic tools such as electrocardiograms.

8. When should I consult a cardiologist?

Consult a cardiologist if your doctor recommends it due to symptoms such as shortness of breath, dizziness, chest pain, irregular heartbeat, or high blood pressure. Cardiovascular health is crucial; timely specialist consultation is vital for effective heart disease management.

9. What to expect during my first appointment with a cardiologist?

Your initial cardiology consultation will involve a review of your medical history and cardiovascular risk factors. A physical examination will be performed, including assessments of your blood pressure, heart rate, and an electrocardiogram (ECG). A comprehensive cardiovascular assessment will be completed.
