Dr Noor UL Din Malik specializes in Ent. He has expertise in treating conditions such as sinus disease, Nasal Disorders, Labyrinth Disease. His key treatments include Sinus Sinusitis Treatment, Bad Breath Halitosis Treatment, Treatment For Bleeding Swolen Gums.

4. What are Dr. Noor UL Din Malik's medical qualifications?

Dr Noor UL Din Malik holds MBBS MS (ENT), reflecting his comprehensive education in the field of Ent.

5. How many years of experience does Dr. Noor UI Din Malik have?

Dr. Noor UI Din Malik possesses 17 years of experience in the medical field. His extensive experience contributes to his expertise as an ENT specialist.

6. Who is an Ear-Nose-Throat (ENT) Specialist?

An otorhinolaryngologist, also known as an ENT doctor, specializes in diagnosing and treating ear, nose, and throat (ENT) disorders. This branch of medicine addresses conditions affecting the ear, nose, throat, and related head and neck areas.

7. Is an Ear-nose-throat (ent) Specialist and an Otorhinolaryngologist different?

Otorhinolaryngologist is a doctor who treats conditions related to the ear, nose and throat. The more commonly used name to refer to an otorhinolaryngologist is an ENT specialist. Any health conditions that involves the ear, nose and throat are treated by an ENT doctor. ENT doctors administer medication or do surgical procedures to correct any physical defects in these organs.

8. Is a referral needed to see an ENT specialist?

Appointments with ENT specialists are typically scheduled in advance. Walk-in consultations may be available, though patients should expect a wait. Referral from another doctor or physician may also be required in some instances.

9. Should I consult an ENT specialist for sinusitis?

Yes, an Ear, Nose, and Throat (ENT) specialist is the recommended healthcare professional for sinusitis treatment. While a primary care physician can provide initial assessment, ENT specialists possess the expertise to diagnose and manage this condition effectively due to the interconnectedness of the sinuses with the ears and nose. They are best equipped to treat chronic sinus infections.

10. Should I consult an ENT specialist for head and neck injuries?

Head and neck injuries are initially managed by trauma specialists or neurologists. However, since ENT specialists treat ear, nose, throat, and related head and neck areas, their consultation is crucial for accurate diagnosis and treatment of injury impact.
