Overview

Dr. Ravikiran Vutha is a distinguished Neurosurgeon based in Mumbai, Maharashtra, with over 10 years of extensive experience in the field. He currently serves as a full-time consultant in Neurosurgery at Apollo Hospitals Navi Mumbai. Dr. Vutha completed his Master of Surgery (MS) in General Surgery at T.N. Medical College & BYL Nair Hospital from 2011 to 2014, followed by a Master of Chirurgery (MCh) in Neurosurgery from G.S. Medical College and KEM Hospital between 2015 and 2018. He also gained an additional four years of invaluable post-MCh experience at KEM Hospital, where he honed his skills in managing complex neurosurgical cases.

During his tenure at KEM Hospital, Dr. Vutha has independently performed a variety of intricate procedures, particularly focusing on brain tumors, spine tumors, degenerative spine conditions, pediatric surgeries, endovascular techniques, and emergency procedures related to trauma and intracranial hemorrhages. His specialization in Functional Neurosurgery includes epilepsy surgery and innovative neuromodulation techniques such as Deep Brain Stimulation (DBS) for conditions like Parkinson's disease and dystonia, along with spinal cord stimulation for chronic pain management.

Dr. Vutha is certified in the Deep Brain Stimulation program by ECMT in Kochi and holds a Clinical Fellowship in Skull Base Surgery from Osaka City University, Japan, awarded in 2018. He has been invited as a visiting Neurosurgeon at prominent institutions, including Shinshu University and Tokyo Medical University in Japan.

His areas of expertise encompass brain and spine tumor surgeries, epilepsy and neuromodulation procedures, endovascular interventions, and degenerative spine surgeries. A dedicated researcher, Dr. Vutha has published over 31 articles in esteemed journals and has actively participated in numerous national and international conferences. He is a proud member of professional organizations, including the Neurological Society of India (NSI) and the Bombay Neurosciences Association (BNA). Dr. Ravikiran Vutha is proficient in English and is committed to advancing neurosurgery while providing exceptional care to his patients.
