Membership

Has Authored and co-authored several chapters and articles in text books and scientific journals, besides presenting numerous research papers. Some of the papers he has Authored and co-authored are:

Awards

- Role of Octreotide in Lower G.I. Bleed

Conducted a prospective randomized study showing that octreotide significantly reduces blood loss, the number of bleeding episodes, and the time taken for bleeding to stop.

- Diagnostic Accuracy of CT in Advanced Carcinoma Gallbladder

Research concluded that CECT is highly sensitive for detecting liver infiltration and lymph node involvement, and specific for identifying liver metastasis and biliary infiltration, though less specific for lymph node involvement.

- Recipient of Dr. Mahadevan's Award

Awarded by the Karnataka State Chapter of the Association of Surgeons of India for a paper on the surgical management of portal hypertension.

Research and Publication

- Haemorrhagic and Vascular complications of Pancreatitis. Role of octreotide in lower G.I. bleed: A preliminary report of a prospective randomized study. The results of the research was - Octreotide reduces the blood loss, number of bleeding episodes and time taken for the bleeding to stop
- Has Authored and co-authored several chapters and articles in text books and scientific journals, besides presenting numerous research papers. Some of the papers he has Authored and co-authored are:
 - Haemorrhagic and Vascular complications of Pancreatitis, in: J.D. Wig (ed.) The Pancreas - by Bhat RS, Dwivedi DN, Chattopadhyay
 - Surgeon and HIV infections. Hospital Today - by Dwivedi DN, Bhat RS, Chattopadhyay
