Overview

Dr. Sai Lakshmi Daayana is a highly regarded Gynaecological Oncologist based in Hyderabad, Telangana, and brings with her an impressive 21 years of experience in the field. A female physician with a dedication to women's health, Dr. Daayana completed her extensive training and gained work experience in the UK, where she honed her expertise in gynaecological cancers, a relatively new sub-specialty in India. Her unique qualifications and background distinguish her within the region, making her one of the few specialists equipped with advanced training in this vital area of medicine.

Dr. Daayana is fluent in English, Hindi, and Telugu, allowing her to communicate effectively with her diverse patient population. Her contributions to the field are noteworthy; she has authored numerous international publications, delivered presentations, and participated as an invited guest lecturer at various forums, solidifying her reputation as a leader in gynaecological oncology.

With a MBBS and MRCOG qualification, Dr. Sai Lakshmi Daayana leverages her deep understanding of gynaecological cancers to provide personalized care that encompasses diagnosis, treatment, and support for her patients. Her commitment goes beyond clinical practice, as she actively contributes to improving

the field through research and education.

For those seeking expert guidance in matters related to gynaecological cancer, Dr. Daayana is a trusted resource. However, it is important to note that she is unable to issue prescriptions for pregnancy termination during online consultations. Overall, Dr. Sai Lakshmi Daayana stands out as a focused and proficient gynaecological oncologist dedicated to enhancing women's health in her community.
