## Overview

Dr. Soumya Sharma is a highly skilled and compassionate Parkinson's & Movement Disorder Physician based in Hyderabad, Telangana. With 8 years of experience in the field, Dr. Sharma is dedicated to providing exceptional care for patients suffering from movement disorders, particularly Parkinson's disease. She has completed a prestigious Fellowship in Parkinson's disease and Movement disorders in London, Ontario, Canada, and holds an MBBS, MD in Internal Medicine, and DM in Neurology, showcasing her extensive qualifications and commitment to her specialty.

Fluent in Hindi, English, and Kannada, Dr. Sharma effectively communicates with a diverse patient base, ensuring that her patients are well-informed and comfortable throughout their treatment journey. She has been recognized for her contributions to the field, serving as a co-investigator and site leader in Canada for the STRAT-PARK study, a multinational effort aimed at stratifying Parkinson's™ disease. Her passion for advancing knowledge in movement disorders is evident as she co-authored a Manual on Movement Disorders (MovDis) in collaboration with Dr. Mandar Jog, which has since been released as a mobile application to support both practitioners and patients.

Dr. Sharma's dedication to the field is complemented by her impressive accolades, including first prizes in quizzes on headache medicine at National Headache Updates in Udaipur and Kolkata in 2015 and 2016. As a focused specialist in her field, she integrates her clinical expertise with a commitment to patient-centered care, making her a trusted choice for those seeking specialized care for movement disorders. Whether you are looking for a thorough evaluation or advanced treatment options, Dr. Soumya Sharma is here to help you on your journey to better health.
