Overview

Dr. Tarun Jindal is a highly experienced Uro Oncologist based in Kolkata, West Bengal, with over 14 years of dedicated service in the field of urology. He is known for his expertise in minimally invasive surgical techniques, particularly in the management of testicular tumors and adrenal conditions. Having completed his MS from AIIMS, New Delhi, and earning an MCh as a gold medalist, Dr. Jindal has received extensive training, including a fellowship at the esteemed Henry Ford Hospital in Detroit, USA. His remarkable journey has been marked by notable achievements, such as being the first surgeon globally to perform the Robotic Inguinal Node Dissection by lateral approach, and the first in Eastern India to conduct robotic and laparoscopic retroperitoneal lymph node dissections in challenging scenarios involving post-chemotherapy residual masses. Dr. Jindal's contributions to the medical community are significant; he has published over a hundred articles in national and international journals, showcasing his commitment to advancing urological science. His accolades include wins at renowned conferences like the Annual Bengal Urology Conference and fellowships that emphasize his exceptional skills and insights in urology. Dr. Jindal is fluent in Hindi, English, and Bengali, allowing him to communicate effectively with a diverse patient

population. He practices at Apollo Multispeciality Hospitals in Kolkata and is dedicated to providing cutting-edge care tailored to the needs of each patient. With a passion for innovation and patient-centered treatment, Dr. Jindal continues to impact the field of uro oncology profoundly.
