Overview

Dr. Athuluri Ravi Kanth is a senior Interventional Cardiologist with over 21 years of experience in the field of cardiovascular medicine. He holds an MBBS, MD, and DM in Cardiology, showcasing his advanced training and expertise in managing complex cardiac conditions. His clinical focus includes interventional cardiology procedures such as angioplasty, stenting, and advanced cardiac imaging, aimed at delivering precise and effective treatments.

Known for his patient-first approach, Dr. Kanth emphasizes the importance of individualized care, tailoring treatments to each patient's unique needs and medical history. His compassionate demeanor, combined with his extensive knowledge, makes him a trusted choice for patients seeking comprehensive heart care. He is deeply committed to helping individuals not only recover from cardiac conditions but also adopt preventive strategies for long-term heart health.

With more than two decades of experience, Dr. Kanth has consistently delivered excellence in the field of cardiology. By combining state-of-the-art interventional techniques with evidence-based practices, he ensures optimal outcomes for his patients. His dedication to improving cardiovascular health has earned

him recognition as a respected name in interventional cardiology.
