Overview

Dr. Debnath Dwaipayan is a distinguished Neurosurgery Specialist at Apollo Hospitals Indraprastha, Delhi, with over eight years of dedicated experience in the field. He holds an MBBS, an MS in General Surgery, and a DrNB in Neurosurgery, equipping him with advanced expertise in complex neurosurgical procedures, including minimally invasive techniques, brain tumor resections, and spinal surgeries. His commitment to innovative treatments ensures that his patients receive the highest standard of care. In addition to his clinical practice, Dr. Dwaipayan is actively involved in research and academic discussions, contributing to advancements in neurosurgery. He regularly participates in national and international medical conferences, where he shares insights on emerging trends and best practices in the field. His dedication to continuous learning and collaboration with peers underscores his commitment to medical excellence.

Dr. Dwaipayan is passionate about patient-centered care, prioritizing the needs and concerns of his patients throughout their treatment journey. He believes in fostering open communication and building trust, ensuring that patients and their families are well-informed and comfortable with their care plans.

Fluent in English, Hindi, and Bengali, he effectively connects with a diverse patient population, making quality healthcare accessible to all.
