Overview

Dr. Anand Zade is a distinguished Nuclear Medicine Specialist with over 15 years of experience, currently practicing at Apollo Hospitals CBD Belapur, Mumbai. He holds an MBBS and a DNB in Nuclear Medicine, equipping him with advanced expertise in the diagnosis and treatment of various conditions using cutting-edge nuclear imaging techniques. His proficiency encompasses a range of procedures, including PET/CT scans, radioisotope therapy, and targeted radionuclide therapy, ensuring comprehensive care for his patients. A dedicated advocate for patient-centered care, Dr. Zade is committed to providing innovative treatments tailored to individual needs. He actively engages in research and academic discussions, contributing to advancements in the field of nuclear medicine. His participation in national and international medical conferences underscores his commitment to staying at the forefront of medical excellence and sharing knowledge with peers. Fluent in English, Hindi, and Marathi, Dr. Zade effectively communicates with a diverse patient population, ensuring that each patient feels understood and valued. His dedication to high-quality healthcare and compassionate approach makes him a trusted physician in the community, where he continues to make a significant impact on the lives of his patients.
