Overview

Dr. Ankita Maheswari, MBBS, MD, PDF (Pediatric Endocrinology), is a distinguished Pediatric Endocrinology Specialist at Apollo Hospitals Vijay Nagar, Indore, with 16 years of extensive experience in the field. She completed her fellowship in Pediatric Endocrinology from the European Society for Pediatric Endocrinology in Southampton, UK, which has equipped her with advanced expertise to manage complex endocrine disorders in children and adolescents.

Her areas of specialization include the diagnosis and treatment of growth disorders, puberty-related conditions, pediatric diabetes, thyroid disorders, adrenal and pituitary problems, and other hormone-related conditions in children. Dr. Maheswari is also skilled in advanced treatment approaches, ensuring evidence-based, individualized care for every patient.

Beyond clinical practice, she is actively involved in research and academic discussions at national and international conferences, contributing to advancements in pediatric endocrinology. She is deeply committed to creating a supportive environment for children and their families, emphasizing clear communication and compassionate care.

Fluent in English, Hindi, and Gujarati, Dr. Maheswari is able to connect with a diverse patient population, making her an invaluable asset to the healthcare community. With her dedication and passion for pediatric endocrinology, she continues to strive for excellence in improving outcomes and enhancing the quality of life for her young patients.
