Overview

Dr. P Subramanya Rao is a distinguished Head & Neck Surgical Oncologist with over 20 years of dedicated experience in the field of oncology. Based in Bangalore, he is currently associated with Apollo Hospitals Bannerghatta Road, where he has earned a reputation for his expertise and compassionate patient care. Dr. Rao's extensive educational background includes an MBBS, a Diploma in Laryngology and Otology (DLO), and a Diplomate of National Board (DNB) in ENT Oncology, equipping him with a comprehensive understanding of the complexities involved in head and neck cancers. His commitment to staying abreast of the latest advancements in surgical techniques and treatment modalities ensures that his patients receive the highest standard of care. Dr. Rao's clinical focus encompasses a wide range of conditions related to head and neck oncology, including tumors of the throat, mouth, and neck. He employs a multidisciplinary approach to treatment, collaborating closely with medical oncologists, radiation therapists, and other specialists to develop personalized treatment plans tailored to each patient's unique needs. His philosophy centers on treating the whole person, not just the disease, which fosters a supportive environment where patients feel heard and valued. Dr. Rao believes in empowering his patients

through education, ensuring they are well-informed about their diagnosis and treatment options, which helps alleviate anxiety and promotes a sense of control during their healthcare journey. At Apollo Hospitals Bannerghatta Road, Dr. Rao is part of a renowned team that prioritizes patient safety and comfort. The hospital's state-of-the-art facilities and commitment to excellence in healthcare align perfectly with his own values as a physician. Dr. Rao's dedication to his patients and his passion for oncology make him a trusted choice for individuals seeking expert care in head and neck surgical oncology. Whether through advanced surgical techniques or supportive care, Dr. Rao is committed to improving the lives of his patients and helping them navigate the challenges of cancer treatment with confidence and hope.
