Overview

Dr. Praveen Sharma P is a dedicated neurologist with a passion for improving the lives of his patients through expert care and innovative treatment strategies. With five years of experience in the field, Dr. Sharma has developed a comprehensive understanding of various neurological disorders, specializing in movement disorders. His extensive educational background includes an MBBS, MD, and DM in Neurology, complemented by a Post Doctoral Fellowship in Movement Disorder. This rigorous training equips him with the knowledge and skills necessary to diagnose and treat complex neurological conditions effectively. At Apollo Speciality Hospital, Jayanagar in Bangalore, Dr. Sharma is committed to providing personalized care tailored to each patient's unique needs. He believes in a holistic approach to treatment, emphasizing the importance of understanding the patient's lifestyle, medical history, and emotional well-being. Dr. Sharma takes the time to listen to his patients, ensuring they feel heard and supported throughout their treatment journey. His compassionate demeanor and dedication to patient education empower individuals to take an active role in their health, fostering a collaborative environment that enhances recovery and overall well-being. Dr. Sharma's association with Apollo Speciality Hospital, Jayanagar reflects his

commitment to excellence in healthcare. The hospital's state-of-the-art facilities and multidisciplinary approach allow him to offer the highest standard of care. He actively collaborates with a team of specialists to ensure comprehensive treatment plans that address not only the neurological aspects of a patient's condition but also their overall health. With a focus on advancing neurological care, Dr. Praveen Sharma P is a trusted partner for patients seeking expert guidance and support in managing their neurological health.
