Overview

Dr. Padmapriya Chandran is a highly esteemed psychiatrist with over 15 years of dedicated experience in the field of mental health. Based in Chennai, she has built a reputation for her compassionate approach and commitment to patient well-being. Dr. Chandran holds an MBBS degree, complemented by a Diploma in Psychiatry (DPM), which equips her with a robust foundation in both general medicine and specialized psychiatric care. Her extensive training and experience enable her to address a wide range of mental health issues, from anxiety and depression to more complex psychiatric disorders. At Apollo First Med Hospitals Kilpauk, Dr. Chandran is an integral part of the mental health team, where she employs a holistic approach to patient care. She believes in fostering a supportive environment that encourages open communication, allowing her patients to feel comfortable discussing their concerns. Dr. Chandran is known for her empathetic listening skills and her ability to tailor treatment plans that align with each patient's unique needs and circumstances. Her clinical focus includes not only the diagnosis and treatment of mental health disorders but also preventive care and the promotion of mental wellness, ensuring that her patients receive comprehensive support throughout their journey to recovery. Dr. Chandran's association

with Apollo First Med Hospitals Kilpauk reflects her commitment to providing high-quality healthcare in a state-of-the-art facility. The hospital's emphasis on patient-centered care aligns perfectly with her philosophy, making it an ideal setting for her practice. With a strong belief in the importance of collaboration, she works closely with other healthcare professionals to ensure that her patients receive well-rounded care. Dr. Padmapriya Chandran is dedicated to making a positive impact on the lives of her patients, helping them navigate their mental health challenges with confidence and resilience.
