Overview

Dr. Niranjana Panigrahi is a distinguished physician specializing in Critical Care, bringing over 13 years of extensive experience to his practice. Based at Apollo Health City, Jubilee Hills in Hyderabad, Dr. Panigrahi has dedicated his career to providing exceptional care to critically ill patients, ensuring that they receive the highest standard of medical attention during their most vulnerable moments. His commitment to excellence is reflected not only in his clinical practice but also in his continuous pursuit of knowledge and advancement in the field of critical care medicine. Dr. Panigrahi's educational qualifications are a testament to his expertise and dedication. He holds an MD and has further enhanced his skills with a Fellowship in Critical Care Medicine (FNB), as well as the European Diploma in Intensive Care (EDIC) from the UK. His specialization as an ECMO (Extracorporeal Membrane Oxygenation) Specialist and his Fellowship in Diabetology from the University of Liverpool underscore his comprehensive approach to patient care, particularly in managing complex medical conditions. This robust educational background equips him with the knowledge and skills necessary to navigate the intricacies of critical care, ensuring that his patients receive tailored treatment plans that address their unique needs. At Apollo Hospitals, Dr.

Panigrahi is known for his compassionate approach to patient care, prioritizing open communication and collaboration with both patients and their families. He believes in fostering a supportive environment where patients feel empowered to participate in their treatment decisions. His clinical focus encompasses a wide range of critical conditions, and he is particularly adept at managing patients with severe respiratory failure, sepsis, and multi-organ dysfunction. Dr. Panigrahi's dedication to his patients, combined with his extensive experience and advanced training, makes him a trusted figure in the field of critical care, committed to improving patient outcomes and enhancing the quality of life for those he serves.
