## Overview

Dr. Harshitha Degapoodi is a dedicated and compassionate pulmonologist at Apollo Hospitals, DRDO, Kanchanbagh, Hyderabad, where she brings her expertise in respiratory medicine to the forefront of patient care. With a solid foundation in medicine, having earned her MBBS and MD in Pulmonary Medicine, Dr. Degapoodi is well-equipped to address a wide range of respiratory conditions. Despite being early in her career with one year of experience, she has quickly established herself as a knowledgeable and empathetic physician, committed to improving the health and well-being of her patients. Dr. Degapoodi's clinical focus encompasses various aspects of pulmonary health, including asthma, chronic obstructive pulmonary disease (COPD), interstitial lung diseases, and sleep-related breathing disorders. She believes in a holistic approach to patient care, emphasizing the importance of understanding each patient's unique circumstances and health challenges. By fostering open communication and building strong relationships with her patients, Dr. Degapoodi ensures that they feel heard and supported throughout their treatment journey. Her commitment to staying updated with the latest advancements in pulmonology allows her to provide evidence-based care tailored to the individual needs of her patients. At

At Apollo Hospitals, DRDC, Ranchanabagh, Dr. Harshitha Degapoodi is part of a renowned team of healthcare professionals dedicated to delivering exceptional medical services. The hospital's state-of-the-art facilities and commitment to patient-centered care align perfectly with her values as a physician. Dr. Degapoodi is proud to contribute to an environment that prioritizes patient safety, comfort, and satisfaction. As she continues to grow in her profession, her passion for helping others and her dedication to advancing her knowledge in respiratory medicine will undoubtedly make a positive impact on the lives of her patients and the community at large.
