## Overview

Dr. Akshit Gupta is a highly esteemed pulmonologist based in Kolkata, bringing over a decade of dedicated experience in the field of respiratory medicine. With a robust educational background that includes a DM in Pulmonology, an MD, and an MBBS, Dr. Gupta has honed his expertise in diagnosing and treating a wide range of respiratory conditions. His commitment to advancing patient care is evident in his comprehensive approach, which combines the latest medical advancements with compassionate, individualized treatment plans tailored to each patient's unique needs. At Apollo Multispeciality Hospitals in Kolkata, Dr. Gupta is an integral part of the medical team, where he focuses on various aspects of pulmonary health, including chronic obstructive pulmonary disease (COPD), asthma, interstitial lung disease, and sleep-related breathing disorders. His clinical acumen is complemented by a deep understanding of the emotional and psychological challenges that patients with respiratory issues often face. Dr. Gupta believes in fostering a supportive environment where patients feel heard and empowered to take an active role in their treatment journey. His patient-centric approach emphasizes clear communication, ensuring that individuals are well-informed about their conditions and the available

treatment options. Dr. Gupta's association with Apollo Multispeciality Hospitals underscores his commitment to providing high-quality healthcare. The hospital's state-of-the-art facilities and multidisciplinary approach align perfectly with his vision of delivering comprehensive care. By collaborating with other specialists and utilizing advanced diagnostic tools, Dr. Gupta ensures that his patients receive the best possible outcomes. His dedication to continuous learning and professional development keeps him at the forefront of the latest advancements in pulmonology, allowing him to offer innovative solutions to complex respiratory challenges. With Dr. Akshit Gupta, patients can expect not only expert medical care but also a warm and empathetic partnership in their journey toward better respiratory health.
