Overview

Dr. Anil Venketachalam is a highly experienced Neurologist at Apollo Hospitals, Navi Mumbai, with over 16 years of clinical expertise in diagnosing and managing complex neurological disorders. He holds an MD in Medicine and a DM in Neurology, along with a prestigious Fellowship in Movement Disorders from Canada, equipping him with advanced training in the diagnosis and treatment of Parkinson's disease, tremors, dystonia, and related conditions.

Dr. Venketachalam specializes in a comprehensive range of neurological treatments, with a focus on movement disorders, neurodegenerative diseases, and electrophysiological evaluations. His clinical approach is deeply rooted in evidence-based medicine, and he is known for creating customized treatment strategies that address the unique neurological needs of each patient.

Fluent in English, Hindi, and Marathi, Dr. Venketachalam ensures effective communication and compassionate care for his diverse patient population. He is also actively engaged in academic and research initiatives, regularly contributing to scientific forums and staying updated with the latest advancements in neurology.

Dr. Venketachalam's dedication to clinical excellence, patient-centered care, and innovative neurology practices makes him a trusted expert for individuals seeking comprehensive and personalized neurological care.
