Overview

Dr. Kapil Iyer is a leading Transplant Pulmonologist at Apollo Hospitals, Navi Mumbai, with 15 years of specialized experience in pulmonary and critical care medicine. He holds an MBBS, MD, and DNB in Pulmonary Medicine and is further distinguished by international qualifications, including MRCP (UK), FCCP (USA), FAPSR, and EDARM, reflecting his global expertise in advanced respiratory care.

Dr. Iyer has deep expertise in managing complex pulmonary conditions and is especially renowned for his work in lung transplantation. He specializes in pre- and post-transplant care, chronic lung disease management, and advanced respiratory failure. His clinical practice includes the use of cutting-edge diagnostic tools and minimally invasive procedures to ensure the best outcomes for patients with severe lung conditions.

He is known for his patient-centric approach, ensuring that each individual receives a personalized care plan that aligns with their specific needs. Fluent in English, Hindi, and Marathi, Dr. Iyer builds strong doctor-patient relationships grounded in trust and clear communication.

In addition to his clinical practice, Dr. Iyer is actively involved in research and academic teaching, contributing to national and international forums on pulmonary and transplant medicine. His commitment to innovation, education, and excellence ensures that patients receive world-class respiratory care.
