Overview

Dr. Swaminathan Ravi is a skilled Plastic and Reconstructive Surgeon at Apollo Hospitals, Pune, with more than 11 years of experience in the field. He holds an impressive academic background with qualifications including MBBS, MS, MCh (Plastic & Reconstructive Surgery), and DrNB, reflecting his dedication to advanced training and excellence in surgical care. His expertise spans both aesthetic and reconstructive procedures, enabling him to deliver comprehensive solutions tailored to individual patient needs.

Fluent in English, Hindi, and Marathi, Dr. Ravi ensures clear and empathetic communication with his patients, making them feel supported throughout their surgical journey. He specializes in a wide range of treatments, including cosmetic enhancements, reconstructive surgeries, and minimally invasive techniques, always prioritizing patient safety and natural outcomes. His approach combines surgical precision with an artistic eye, ensuring results that align with each patient's goals.

As part of the Apollo network, Dr. Ravi leverages state-of-the-art technology and modern surgical techniques to provide the highest standards of care. Known for his patient-centric philosophy and

collaborative approach, he works closely with multidisciplinary teams to achieve the best possible outcomes. Through his commitment to innovation, precision, and compassionate care, Dr. Swaminathan Ravi has established himself as a trusted name in plastic and reconstructive surgery in Pune.
