## Overview

Dr. Vidita Powale is an experienced Surgical Oncologist at Apollo Hospitals, Pune, with over 14 years of specialized experience in head and neck cancers. She holds an MBBS, DNB (General Surgery), MRCS, along with fellowships in Head & Neck Surgical Oncology, Reconstructive & Microvascular Surgery, and Robotic Surgery, reflecting her advanced training and expertise in complex oncological procedures. Her clinical focus includes precision tumor resections, reconstructive surgery, and minimally invasive robotic-assisted procedures.

Fluent in English, Hindi, and Marathi, Dr. Powale emphasizes clear communication with patients and their families, ensuring they understand treatment plans, surgical options, and post-operative care. Her patient-centered approach combines technical excellence with compassionate guidance, supporting individuals throughout their cancer journey.

At Apollo, Dr. Powale utilizes state-of-the-art surgical techniques and evidence-based oncology practices to deliver comprehensive care. Known for her precision, innovation, and dedication to improving patient outcomes, she works closely with multidisciplinary teams to provide holistic treatment for head and neck

cancers. Dr. Vidita Powale is recognized as a leading specialist in surgical oncology and reconstructive surgery in Pune.
