Overview

Dr. Deepak Kumar Parida is a highly accomplished Neurosciences Specialist with over 17 years of experience, currently practicing at Apollo Hospitals, Bhubaneswar. He holds an **MBBS, MS, MCh, and a Post-Doctoral Fellowship (PDF) in Neurosurgery**, showcasing his advanced expertise in managing complex neurological and cerebrovascular conditions.

Dr. Parida specializes in the diagnosis and treatment of brain and spine disorders, with a strong focus on cerebrovascular surgery, stroke management, aneurysm clipping and coiling, arteriovenous malformations (AVMs), and complex cranial surgeries. He is also proficient in minimally invasive neurosurgical techniques that ensure precision and faster recovery for patients.

Fluent in English and Odia, Dr. Parida ensures clear communication and compassionate care for patients from diverse backgrounds. His patient-first approach emphasizes accurate diagnosis, individualized treatment plans, and long-term neurological health.

In addition to his clinical expertise, Dr. Deepak Kumar Parida is actively involved in research, academic teaching, and medical forums, contributing to advancements in neurosurgery and cerebrovascular care.

With his commitment to excellence, precision, and patient safety, he is widely regarded as one of the leading neurosurgeons in Bhubaneswar.
