## Overview

Dr. Piyush Lodha is a dedicated Endocrinologist at Apollo Hospitals, Pune, with over 4 years of experience in managing a wide range of hormonal and metabolic disorders. He holds an MBBS, MD in Medicine, and DM in Endocrinology, reflecting his specialized training and commitment to delivering advanced endocrine care. Fluent in English, Hindi, and Marathi, he ensures effective communication with patients from diverse backgrounds.

Dr. Lodha is known for his patient-centric approach, focusing on understanding each individual's unique health needs and medical history. His expertise encompasses conditions such as diabetes, thyroid disorders, metabolic syndromes, and other hormonal imbalances, allowing him to provide accurate diagnoses and tailored treatment plans. He emphasizes preventive care alongside treatment, ensuring patients receive personalized strategies for long-term health management.

Beyond clinical care, Dr. Lodha educates patients about their conditions, empowering them to take an active role in managing their health. By fostering a supportive and informative environment, he builds trust and promotes adherence to treatment plans. Dedicated to staying updated with advancements in

endocrinology, he collaborates closely with other healthcare professionals to provide comprehensive care. Dr. Piyush Lodha is recognized as a trusted endocrinologist in Pune, committed to improving patient outcomes through expert, compassionate, and individualized care.
