Overview

Dr. Shirish Agrawal is a highly experienced Interventional Cardiologist with over 9 years of clinical expertise in comprehensive cardiac care. He holds a DNB in Cardiology from the Kerala Institute of Medical Sciences (2019), an MD in General Medicine from Krishna Institute of Medical Sciences, Karad (2014), and an MBBS from Katuri Medical College, Guntur (2008).

He specialises in angiography, angioplasty, heart failure management, heart attack care, and pacemaker implantation, with advanced proficiency in complex interventional procedures such as rotablation, intravascular lithotripsy (IVL), transcatheter aortic valve implantation (TAVI), and device closure for congenital heart defects.

Dr. Agrawal is also skilled in comprehensive cardiac evaluations, including 2D Echocardiography, Treadmill Test (TMT), and Holter Monitoring, offering accurate diagnosis and personalised treatment. He was honoured with the National Natesan G. Pandiya Award for Best Case Presentation at ECHO India 2016, Madurai, for his clinical work on Hypocalcemic Cardiomyopathy, reflecting his commitment to clinical excellence and patient-centred care.
