Overview

Dr. Akshatha Sharma is a highly skilled Fetal Medicine Specialist based in Delhi, with over 10 years of experience in the field. She is dedicated to providing comprehensive care for expectant mothers and their unborn children. Dr. Sharma has an exceptional academic background, holding degrees such as MS in Obstetrics and Gynecology, MRCOG, and a Fellowship in Fetal Medicine. Her expertise in managing complex pregnancies and prenatal diagnostics sets her apart in the realm of maternal-fetal medicine. Dr. Sharma is fluent in both English and Hindi, which allows her to communicate effectively with a diverse range of patients. As part of the Apollo network, she is committed to delivering high-quality healthcare and ensuring the well-being of both mother and child. Whether it's routine check-ups or advanced fetal assessments, Dr. Akshatha Sharma approaches each case with empathy and professionalism. Her dedication to her patients and her expertise in fetal health are what make her a trusted choice for families in Delhi.
