Overview

Dr. Anjali Otiv is a highly esteemed Paediatrician based in Mumbai, Maharashtra, bringing over 30 years of dedicated experience in the field of child healthcare. With an impressive educational background that includes an MBBS and an MD, along with certification as an International Board Certified Lactation Consultant (IBCLC), Dr. Otiv combines extensive knowledge with compassionate care. She is proficient in several languages, including English, Hindi, and Marathi, making her accessible to a diverse range of patients in her community.

Dr. Otiv's expertise extends beyond general paediatrics; she is also a certified instructor in both Pediatric Advanced Life Support (PALS) and Neonatal Resuscitation Program (NRP), ensuring that she remains at the forefront of emergency procedures and infant care protocols. Her commitment to excellence in paediatric health has been recognized through various accolades, including the prestigious Khurshid Memorial Award.

As a member of the Apollo healthcare network, Dr. Anjali Otiv is committed to providing personalized care that prioritizes the wellbeing of her young patients. She understands that each child is unique and tailors

her approach to meet their individual needs, whether it involves routine check-ups, developmental assessments, or addressing specific health concerns.

Dr. Otiv's practice is characterized by a warm and welcoming environment, where both children and parents feel comfortable and supported. Her dedication to her patients and her passion for paediatrics make her a trusted choice for families seeking exceptional healthcare for their children.
