Overview

Dr. Anuradha Sridhar is a highly skilled Paediatric Cardiologist based in Chennai, Tamil Nadu, with an impressive 17 years of experience in her field. She specializes in the diagnosis and treatment of heart conditions in infants, children, and adolescents, providing compassionate care tailored to the unique needs of her young patients. Dr. Sridhar's extensive qualifications include an MBBS, DNB, and FNB in Paediatric Cardiology, alongside her certification in Pediatric Intensive Care (FPICS), establishing her as a leader in paediatric cardiology.

Fluent in multiple languages, including English, Tamil, Hindi, and Telugu, Dr. Sridhar effectively communicates with a diverse patient base, ensuring that families feel comfortable and informed throughout the treatment process. Her dedication to advancing her knowledge and skills is evident in her membership with the Paediatric Cardiology Society of India, which reflects her commitment to staying at the forefront of developments in her specialty.

Dr. Sridhar operates under Apollo Hospitals, known for their high standards of medical care, and continues to contribute significantly to the field of paediatric cardiology. With a deep-seated passion for improving the

health of children, she strives to provide the highest level of care to every patient she encounters.
