Overview

Dr. Arundhati Chakraborty is a highly experienced oncologist based in Kolkata, West Bengal, with an impressive career spanning over 30 years in the field of cancer treatment and care. She holds a distinguished academic background with qualifications including an MBBS earned in 1982, an MD in Radiotherapy obtained in 1989, and a Post Graduate Diploma in Palliative Medicine from the UK completed in 1998. Her extensive training and expertise make her a trusted figure in oncology, where she is committed to providing personalized patient care.

Dr. Chakraborty is fluent in multiple languages including English, Hindi, and Bengali, which allows her to connect and communicate effectively with a diverse range of patients. As a part of the Apollo network, she adheres to high standards of medical excellence and is dedicated to the well-being of her patients throughout their treatment journey. Whether dealing with complex oncology cases or providing palliative care, Dr. Chakraborty approaches each situation with compassion and professionalism, ensuring that her patients receive the best possible outcomes.

Her dedication to the field is evident in her understanding of the latest advancements in oncology, as well as her commitment to continuous learning and development. Dr. Chakraborty's approach to cancer care not only addresses the physical aspects of the disease but also takes a holistic view to assist patients and their families during challenging times.
