6. How many years of experience does Dr. Deepa Sharma have?

Dr. Deepa Sharma possesses 20 years of experience in the medical field. Her professional history spans various locations.

7. Who is a Pediatrician?

A pediatrician, also known as a child specialist, is a physician specializing in children's healthcare. Their expertise encompasses physical, behavioral, and mental health, addressing illnesses ranging from minor ailments to complex medical conditions. Pediatric care begins at birth.

8. What age range of children do your Paediatricians treat?

Our paediatricians provide care for children from birth through age 18. Infants (birth to 2 years) may require frequent visits, while toddlers (2-5 years) typically need annual checkups. Annual visits continue until the child reaches 18 years of age. This comprehensive pediatric care ensures your child's health and well-being.

9. Can a Pediatrician Perform Surgery?

Pediatricians focus on children's physical and mental health. While some pediatricians, with specialized surgical training, may perform procedures, pediatric surgeons are specialists in surgical interventions for children. Pediatricians primarily provide non-surgical care. Pediatric surgeons handle a wide range of surgeries, from minor procedures (like foreign body removal) to complex operations such as cardiac surgery.
